FOR IMMEDIATE RELEASE
June 26, 2019

EXTANG INTRODUCES THE ALL-NEW EXTANG XCEED

The First Flush-Mounted, Hard Folding Truck Bed Cover in Extang's Product Line-Up

ANN ARBOR, MI, June 26, 2019— Extang Corp., a Truck Hero company, released their most advanced cover yet, the Xceed. This cover is the first flush-mounted, hard folding truck bed cover offered by Extang, featuring an extremely low profile, with a sleek, seamless appearance and an attractive matte black finish.

Engineered to ensure enhanced water resistance, Xceed has an exclusive EnduraCoat protective covering and all-new extruded side seals to keep water out and gear safe. Xceed boasts an industry-first Secure Rotary Release Latching System, which encases the operation cable for tamper-proof security.

Equipped with aluminum panels and a full perimeter frame, Xceed is exceptionally durable and has a robust load capacity. It's unique four-panel construction delivers full bed access and reduces the overall height, when the cover is open, with quick release support rods securely holding the cover at an upright 90-degrees. The cover houses textured powder coated aluminum frames and hinges for extra wear resistance and protection from the elements.

Made in America and backed by a limited three-year warranty, the Extang Xceed will exceed expectations. *See warranty for full details. See below current part numbers and applications.*

Extang Xceed
