FOR IMMEDIATE RELEASE  
June 15, 2018

## TRUXEDO ROLLS OUT THE SENTRY AND SENTRY CT

### The Next Generation in Premium, Hard-Rolling Truck Bed Covers

YANKTON, SD, June 15, 2018– TruXedo, Inc., a Truck Hero company, is excited to introduce two premium hard-rolling truck bed covers, the all-new Sentry and Sentry CT.

The Sentry features industrial strength, UV-resistant, “leather-grain” vinyl fabric that looks great in all conditions. The Sentry CT features stylish matte-black woven fabric with inherent dirt-resistant characteristics for a stylish finish.

These covers are strong and durable with heavy-duty aluminum slats pressure bonded to the respective fabric. They deliver an extra-low profile by incorporating 15-degree rails, called the X15 rails, for a distinctive flush mount look. The no-drill installation of the Sentry and Sentry CT is quick and easy, made faster and more accurate with the unique, self-leveling feature of the rails.

TruXedo engineers added an extra latch in the center of the cover providing enhanced security on both models. The Sentry and Sentry CT also incorporate a quick-release system allowing for removal of the entire cover in seconds for true, 100% full bed access. These covers can also remain installed and then rolled tightly to the cab to access the truck bed, all while maintaining rear view and third brake light visibility. Both models slam latch at the tailgate and have the option to open from either side of the truck.

The Sentry and Sentry CT, both made in the U.S.A., come backed by a limited three-year warranty.
